PERSONAL PROFILE

I am Pham Minh Tan, a recent graduate with an Associate's Degree in Information Technology. During my studies, I specialized in web development, gaining strong foundational knowledge in front-end and back-end programming, as well as database management. I am passionate about creating efficient, user-friendly websites and continuously expanding my expertise in modern web technologies. I am eager to bring my skills to a professional environment where I can contribute to innovative projects and grow as a developer

EDUCATION
